

The *ICO-2013* is the third edition of the international conference of optics. It will be held at University Sétif 1, Algeria.

Topics

All aspects of optics and devices will be covered in the technical sessions of the conference, including:

T1 : Optical Materials

T2 : Materials for Solar Energy

T3: Optical Systems Technology

T4: Optical Metrology

T5 : Nonlinear Optics, Lasers and

Applications

T6 : Nanophotonics

Official Languages

English and French are the official languages of the conference.

Deadlines

- **March 10th, 2013**: deadline for submission of extended abstracts and registration form
- **March 20th, 2013**: notification of acceptance.
- **April 15th, 2013**: deadline for submission of final manuscripts

Submission of Papers

Extended abstracts

Papers written in English or French, which describe new contributions to Conference topics, are solicited. Each author is requested to submit an extended abstract by email, not longer than two pages in A4 format (single-spaced, times 12) including communication title, names and addresses of authors, key words and essential results with graphs whenever possible and bibliographical references.

Accepted papers

The manuscript must be written on A4 size, typed Times New Roman 12 pt, single spaced on one column only. The manuscript should be written within a 16 cm x 24 cm area. The title of paper, authors' names and affiliations, full return address and e-mail address, all starting with capital letters, must appear at the top of the first page, followed by the abstract. The title and paragraph titles must be written in bold. The authors must include text, figures, tables and references within the 6 pages limit. The text can be in doc or docx format.

Proceedings

All manuscripts will be peer reviewed. Selected papers will be published in the special issue of :
- Revue « Verres, Céramiques Composites »
- Journal of New Technology and Materials (JNTM)
