Request for the KOICA Global Fellowship Program for 2014

The Korea International Cooperation Agency's (KOICA) fellowship program is one of the main forms of technical cooperation which shares Korea's knowledge and know-how as well as their successful development experience.

Recently, KOICA made the brand CIAT (Capacity Improvement and Advancement for Tomorrow) to raise the level of awareness of KOICA fellowship programs.

By filling out this request form for the Global Fellowship Programs - which invite more than two countries for one program, you would help us analyze your needs in identifying the appropriate courses and develop KOICA's mid-term fellowship programs tailored to the situation of the target group/organization in need.

This request form is for the Global Fellowship Programs which invite more than two countries for one program.

* **Research of the demands for Country-Specific Fellowship Programs which are only for one country is underway by KOICA regional office.**

The Request Forms are divided in to two forms.

The Request Form of Group A is for programs suggested by KOICA.

Please, select the programs most needed for your country and the participants; less than three (3) would be appreciated for each program from an attached lists suggested by KOICA.

And the Request Form of Group B is for your proposals for other programs which are not suggested by KOICA.

Please fill out the form B with your new interest and background of suggestions.

Your cooperation is greatly appreciated.
